

Preschool Foundation Verses

Your child's Small Group Leaders will review verses and highlight verses in their teaching times, but we are requesting that parents help their children learn the verses. We see the scripture memory program as a wonderful opportunity for families to memorize the Word of God together. It is our hope that the Preschool Ministry departments can encourage your family in the endeavor. It is unrealistic to think that we can adequately nurture the faith of you children in 1-2 hours a week. However, there is great potential in coming alongside you to accomplish this goal.

Here is how our partnership works with you. Inform your child's Small Group leader when your child knows the first five verses. (Some children may already know five scriptures for memory.) The Small Group Leader may "spot check" your child by asking him/her to repeat 2-3 verses. If you child knows the verses, he/she will be given a tote bag. For every five verses learned after the initial five, your child will earn a pin to place on his/her tote bag. Let your child's Small Group leader know each time your child learns five verses. The Small Group leader will send home a certificate with a pin to add to the bag. Foundation Verse reporting slips, which will help track your child's progress, can be obtained from your child's department.
